ABOUT WET ROOM MATERIALS

DRIVEN BY INNOVATION WITH A PASSION FOR QUALITY AND SERVICE

Adopting Scandinavian principles and regulations, the Wet Room Materials range conforms to the design principles of Simplicity, Functionality and Minimalism – providing the highest level of aesthetics and technical design.

For more than 15 years, Wet Room Materials have been enhancing wet room design by introducing luxury Scandinavian design lead products into the UK and Irish bathroom industry.

Originally established as an installation company, Wet Room Materials are now a market leader in the distribution of exclusive wet room products and services. Along with having an exceptional product portfolio, we can provide a highly qualified, Danish trained installation service, producing an effective and professional finish to every project.

Built from a passionate and dedicated team, we create close relationships with architects, designers, developers and showrooms to best understand specific requirements, ensuring they are fulfilled effectively; offering a turnkey approach with all projects and enquiries.

Our products and professionalism have a proven track record within the residential and commercial sectors, evoking long-term relationships and repeat business. We trust that you endorse this sentiment along with many of our loyal clients.
