WET ROOM SOLUTIONS

UniSlope®  unidrain®

## HOW TO INSTALL A WET ROOM

IT IS ESSENTIAL THAT A WET ROOM IS INSTALLED CORRECTLY TO PREVENT LEAKS AS WELL AS ENSURING PERFORMANCE AND LONGEVITY. BELOW OUTLINES HOW WE RECOMMEND A WET ROOM IS INSTALLED AND WHAT MATERIALS SHOULD BE USED. USING MATERIALS THAT ARE NOT APPROVED CAN CAUSE THE FOUNDATIONS TO FAIL.

### UNISLOPE CROSS SECTION

### RECCOMENDED WATERPROOFING AREA

## INSTALLATION MATERIALS

OUR INSTALLATION MATERIALS OFFER ALL THE PRODUCTS NEEDED TO COMPLETE YOUR WET ROOM INSTALLATION. THEY ARE DESIGNED TO WORK TOGETHER AND HAVE A RANGE OF APPROVALS FROM EC1 PLUS TO ETAG 022 (EUROPEAN TECHNICAL APPROVAL GUIDELINES).

### INSTALLATION KIT

- Kit Includes
- 25kg bag Wet Room Adhesive
  - Two Internal and External Corner Pieces
  - Construction Glue
  - Transparent Silicone

Order Ref  
**WMMKU**

### PURESTEP ACOUSTIC AND DECOUPLING MAT

Designed to neutralise tension from the subfloor to minimise impact of movement and protect tiles. PureStep also provides acoustic reduction properties and protects tanking membrane in the event of tile damage.

Order Ref  
1m x 5m **WMPS05**  
1m x 10m **WMPS10**  
1m x 20m **WMPS20**

### WATERPROOFING KIT

Easy paint-on application suitable for wood and cement based products. The membrane is designed to move and stretch with the building. Kit consists of Primer, Joint Tape and liquid Membrane  
Coverage: 7-8m<sup>2</sup> with two applications.

Order Ref  
**WMVS30K**

### CORNER PIECES

LIP preformed reinforcement tape is used to secure the internal . External corner joints of a wat room or bathroom. This is used in conjunction with LIP VS30

Order Ref  
Internal **WMICP**  
External **WMECP**

### WET ROOM TILE ADHESIVE

LIP Wet Room Tile Adhesive (white) is a special, high elasticity cement-based adhesive with great tensile strength.  
Coverage: 2.3kg per m<sup>2</sup> at 1mm thickness depend on tiles

25kg Bag  
Order Ref  
**WMSTF25**

### CONSTRUCTION GLUE

Bond your tiles to the Highline Custom rail or a frame to the main drain body. The bond will not disintegrate when in contact with water. Can also be used outside of the shower.

290ml Cartridge  
Order Ref  
**WMCG**

### WET ROOM SCREED

LIP is a cement based tension free fibre reinforced wet room screed. It retains a slope and can work from 2mm.  
Coverage: 1.8kg per m<sup>2</sup> at 1mm thickness.

25kg Bag  
Order Ref  
**WM226**

### TRANSPARENT SILICONE

Provides a flexible waterproof seal for movements joints. Transparent silicone helps protect your wet room or bathroom while not impacting its appearance.

300ml Cartridge  
Order Ref  
**WMTS**

# ABOUT WET ROOM MATERIALS

DRIVEN BY INNOVATION WITH A PASSION FOR QUALITY AND SERVICE

Adopting Scandinavian principles and regulations, the Wet Room Materials range conforms to the design principles of Simplicity, Functionality and Minimalism – providing the highest level of aesthetics and technical design.

For more than 15 years, Wet Room Materials have been enhancing wet room design by introducing luxury Scandinavian design lead products into the UK and Irish bathroom industry.

Originally established as an installation company, Wet Room Materials are now a market leader in the distribution of exclusive wet room products and services. Along with having an exceptional product portfolio, we can provide a highly qualified, Danish trained installation service, producing an effective and professional finish to every project.

Built from a passionate and dedicated team, we create close relationships with architects, designers, developers and showrooms to best understand specific requirements, ensuring they are fulfilled effectively; offering a turnkey approach with all projects and enquiries.

Our products and professionalism have a proven track record within the residential and commercial sectors, evoking long-term relationships and repeat business. We trust that you endorse this sentiment along with many of our loyal clients.
