

## PourFlex® | Linear Installation

### Kit Includes

32 Litres Per Minute  
Linear Drain  
1½" Connection  
50mm Water Seal  
PourFlex® Panel

## **Before installing**

**Ensure the drain is suitable for your requirements and you have all components to complete the installation**

## **Important**

Read all the pages of these instructions fully and thoroughly before you commence installation and keep in a safe location for future reference.

### **Plumbing**

All plumbing works should be carried out by a fully qualified professional plumber.

### **Sub Floor**

It is important that PourFlex is installed onto a strong, level, stable floor. Movement could affect the performance of your wetroom.

### **Checklist/Safety Notes**

- Check you have all components before installation. If you do not have all the components, do not install and contact your retailer.
- Check all the contents for damage. If any parts are damaged, do not install and contact your retailer.
- PourFlex must be installed flat and horizontal.
- Check the location of pipes, electrical cables and all other services prior to drilling, cutting and screwing into walls, ceilings and floors.
- Ensure your tools for installation are fit for purpose and follow manufacturer's instructions provided with the tools.
- The area / room must be clean, dust free with first fix plumbing and electrics in place prior to applying the vinyl.
- Always ensure that the Installation area is kept safe, especially from children and pets.
- Safety goggles and masks should be worn at all times.

### **Liability**

The Manufacturer will not accept any liability for failure if PourFlex has been installed incorrectly and with disregard to the instructions.

# PourFlex® | Linear Installation

An innovative linear drain, designed specifically for poured floors such as Epoxy Resin and Micro Cement. This is a ground breaking design to cater for the requirements of poured floors. PourFlex® allows you to alter the height of the drain to suit the floor thickness.
