

The Wellness Collection

Spa and Shower Benches

Easy to install, preformed wetroom tray with integrated steel drain which is sealed with a watertight gasket. The preformed rigid tray is waterproof and has a cementitious top layer for high compression strength. Panels are available as Brushed Stainless Steel or durable PVD coated colours. Supplied with a high quality, flexible waterproofing membrane.

See brochure for all sizes and designs

- 100% WATERPROOF
- EUROCLASS E FIRE RATING
- TILE READY SURFACE
- 30 TON COMPRESSION
- WOODEN FLOOR
- CONCRETE FLOOR
- THERMALLY INSULATING
- EASY INSTALLATION
- 10 YEAR WARRANTY

Specification

MATERIAL Extruded polystyrene (XPS), cementitious adhesive, reinforcement mesh, cementitious hard coat	COMPRESSIVE STRENGTH 300 kPa (10% Deformation BSEN 826)	Temperature Range -50°C, + 75°C
USAGE Tileable Seat / Bench for showers, Saunas, Spas etc.	THERMAL CONDUCTIVITY 13164 0.036 W/mK	Density 36 kg/m3
Fire Performance EN 13501-1 Euroclass E	Water Absorbtion by Immersion EN12087 ≤ 1.5%	Ready to Tile Yes
